Tulare Public Cemetery District Vault or Grave Liner for Burial Internments Policy

Adopted - December 2, 2021

This document is effective immediately upon adoption and supersedes all previous vault or grave liner burial internment policies.

The Tulare Public Cemetery District requires grave liners or vaults for all interments of caskets or urns. Tulare Public Cemetery District requires that you have such a container to help prevent grave subsidence. Either a grave liner or a burial vault will satisfy these requirements. Purchase for grave liners and or vaults can be made through the Tulare Cemetery Office. If you purchase grave liners and or vaults through another source it must be approved by the Tulare Public Cemetery District's Manager three (3) days prior to interment. Interments will not be approved without a previously approved grave liner or vault.
